Issues/Recommendation

- Enhance support for CSO engagement with the GEF at COPs of various multilateral environmental agreements (MEAs) and the SDG framework.
- Exploring ways to strengthen the relationship between GEF, Ministries, department and agencies, implementing partners and civil society
- ⌘ Call for proposals should come early so that CSOs can have the opportunity to apply

Issues/Recommendation

- ⌘ Strengthen CSOs presence in relevant ministries/agencies/agencies by conducting proper registration/update of CSO database and documentation of CSO activities for proper referencing.
- ⌘ Increasing funding ceiling for CSOs for project implementation
- ⌘ Showcasing projects done by Agencies during ECWs alongside CSOs
- ⌘ CSOs would like to embark on in-country assessment to determine the environmental and social impacts of the investments of a number of emerging economies.

Issues/Recommendation

- Efforts to enhance the engagement of CSOs and GEF OFP at the country level should be enhanced – through the organisation of annual meetings between OFPs and CSOs and enhanced engagement of CSOs in GEF project and programme design and implementation.
- The GEF Agencies and GEF CSO Network should undertake discussions to identify options for enhanced CSO engagement in projects and programmes developed by agencies.
